Get Started

Screw Ella in and turn on the
light switch.
Ella will start flashing quickly.

If Ella is not flashing quickly,
please follow instructions on
page 16 to reset the bulb

What do the flashing lights mean?
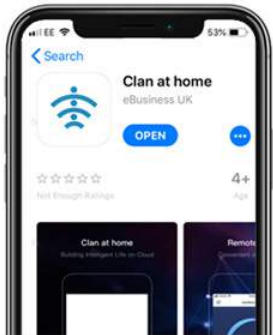

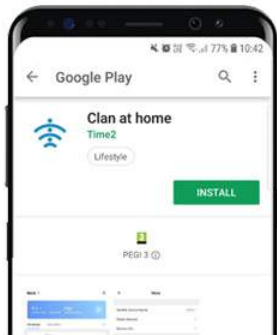

Quick Flashing
Ready to connect via WIFI Mode
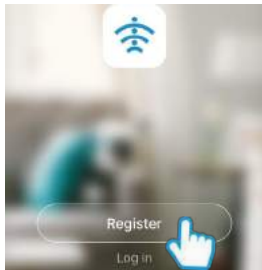

Slow Flashing
Ready to connect via AP Mode

Download App

Download the "Clan at home" App on the iOS App Store or Google Play Store.

Register

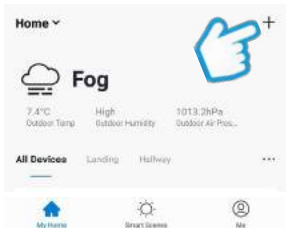

Step 1
Open the app then select Register

Step 2
Enter your mobile phone number
or email address

**Please ensure you enter your full
phone number including "0"**

Add Ella - using WIFI Mode

Step 1
In My Home, click the (+) icon
in the top right-hand corner
of the screen

Step 2
Select Lighting Devices

Add Ella - using WIFI Mode

Power on the device and confirm
that indicator light rapidly blinks

View Help

Confirm indicator rapidly blink

Enter Wi-Fi Password

Please note: most Wi-Fi routers provide
2.4GHz and 5GHz frequency channels.
This app will only work on 2.4GHz
frequency and will usually be automat-
ically selected. If you have difficulty in
connecting to your Wi-Fi, please check
with your broadband provider.

Your WIFI   Change Network

Confirm

Step 3
Make sure the bulb is flashing white
quickly. (If it is not flashing, see the reset
instructions on page 16)

Select Confirm indicator rapidly blink

Step 4
Enter your WiFi router
password

Then press Confirm

Connecting Now

Ensure that your Phone and Device are as close to your WIFI router as possible.

1%

• Searching for Device
• Registering device to the cloud
• Initializing your Device

Step 5
Ella will then establish
a connection to Clan

Device added successfully
