Features

Set a scene for the bulbs or create your own personal scene

Bulb settings

Adjust the warmth of the bulb from warm white to cool white

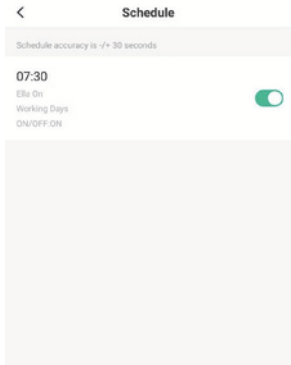

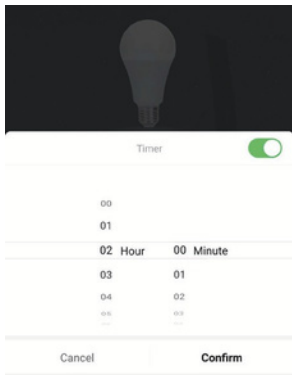

Control brightness

Set timer

Set schedules or use the biorhythm feature to customise bulb usage according to your needs

Simply tap on the on-screen button to turn Ella on and off

Timer & Schedule

To add a schedule, simply set the time and day you would like Ella to come on and turn off automatically.

Reset Ella

If you are having trouble connecting to Ella, you may need to do a reset.

How to reset Ella?

Turn the power to the bulb off and on 3 times quickly.

(Allow the light to turn on before turning back off each time.

i.e. off-on-off-on-off-on)

The bulb will begin flashing quickly when it is ready for setup.
