What's in the box

- Olivia 2 WiFi Camera
- USB Cable
- Wall Mounting Kit
- Power Adapter
- Start Up Guide
- Reset Pin

Be ready

You will need your WiFi router password. Write it down below so its handy when you need it!

Get Started

Connect Olivia to the mains using the power adapter and USB cable provided.

The red LED will come on once plugged in and Olivia will chime twice before she is ready to connect.

If you would like Olivia to record, you will be required to insert a Micro SD card. Olivia will support any sized Micro SD card up to 128 GB.

What do the flashing lights mean?

Solid Red
Starting up

Flashing Red
Ready to connect

Solid Blue
Connected

Download App

Select to change camera direction

Playback

Hear sound recorded on footage

Full screen

Slide to select the time you want to view

Save the playback camera footage onto your phone memory

Change date of video playback

Save a screenshot of playback video onto your phone memory

Add SD Card

If you would like Olivia to record, you will be required to insert a Micro SD Card. Olivia will support any sized Micro SD Card up to 128GB

Step 1

Turn off power to Olivia

Step 2

Gently rotate the lens upwards to locate the Micro SD Card slot. Insert the card in to the slot far enough for it to click into place

Step 3

Turn the power to Olivia back on

Format SD Card

Before Olivia can start recording, you will have to format the Micro SD Card.

Step 1

Select your camera and click on "... " to bring up the settings.

Select SD Card Settings.

Step 2

Click Format SD Card and press confirm. Olivia will begin to format the Micro SD Card.

Please note: it will take a couple of minutes to format the card.

Reset

If you are having trouble connecting to Olivia you may need to do a reset.

How to reset Olivia 2

Gently rotate the lens upwards to locate the reset button.

Use the reset pin provided to hold down the button on the front of the camera for up to 10 seconds until the camera chimes twice and the LED is flashing red.

Installation

Easy Mounting

Use the provided mounting bracket to mount the camera onto a surface, simply attach the bracket, ensuring it fits snugly on to the bottom of the camera.

Then twist to the left. This locks the bracket into the camera.
